

MEDICAID BOOT CAMP

PHASE III

September 11 – 12, 2017

Our constituency has asked for one more! Registration is now open for Medicaid Boot Camp Phase III. This will be a two day workshop. Participants can attend either one or both days of Boot Camp. At the request of members, Helene Boinski-Bartlett will start off Day 1, and once again work with providers on documentation and touch on audits. Day 1 will wrap up with representatives from Mercadien reviewing some of their findings from assessing documentation for a variety of agencies.

Day 2 of the program will focus exclusively on audits and will include representatives from New Jersey's Medicaid Fraud Division and staff from Medicaid. Jamie Stewart (a speaker from last year's annual conference Executive Track) will review the process by which he prepares for an audit. And, Day 2 will end with a provider sharing his agency's audit experience.

Agenda
